About North Branford

This early mill and farming community incorporated from Branford in 1831.

North Branford is one of those very special places to live, work, and enjoy the many recreational opportunities the community has to offer. When visiting, make sure you stop by one of our many businesses to eat, relax, and purchase that special something. Enjoy all the working farms we have in town and be sure to stop by all of them to pick up something fresh.
