Established in 1822, the Town of Orange is 17 square miles containing quiet neighborhoods with a New England charm and a boasting commercial section along Rt 1 with shops, restaurants, hotels and entertainment venues. The town has various operating farms, three 18-hole golf courses, and over a thousand acres of hiking and walking trails set on seven major areas. The tight-knit community gathers at fairs, festivals, town concerts and the Farmers Market all held within the picturesque town center and historical district. With easy access to I-95 and the Merritt Parkway, visitors can spend the day attending a fair, shopping and grabbing a meal at one of our many restaurants, or enjoying family time at one of the town’s entertainment venues. www.orange-ct.gov
